

Attendance Matters EVERY STUDENT EVERY DAY

#RamsAreResponsible

Attendance Matters: Please call the attendance line before school starts on the day of your child's absence to report: 708.430.1121.

Reavis is recognizing good and improved attendance of our Responsible Rams this school year. We have clarified in our student handbook our attendance expectations (pages 10-12). Our faculty and staff warmly greet our students daily in the hallways before school, during passing periods, and RAM period establishing a positive and engaging school climate. Parents have a very important role in supporting student attendance and reducing chronic absenteeism. School is not the same when your son or daughter is not here. Let's work together to make every school day count. For more information on how you can support your child's academic learning experience please feel free to visit or download these resources provided.
