4. COMMUNITY USE OF FACILITIES

Dr. Riordan commented that there have been facility requests submitted but have been put on hold until it is determined how things go with our own students back on campus for sports/activities before outside groups are allowed on campus.

5. FISCAL MANAGEMENT

A. Approved the FY21 *A.E.R.O. Special Education Cooperative* Budget, per summary enclosed.

Motion: T. Arnold
Second: A. Creger

Dr. Riordan explained that A.E.R.O needs 6 of the 11 districts to approve the proposed budget. Stating the overall increase is just under 3%.

Aye: A. Creger, R. McKinley, R. Moreno, L. O’Dowd, T. Arnold, J. Brodinski
Nay: None
Vote: 6-0

B. Approved resolution to support A.E.R.O. Special Education Cooperative project at 7659 Linder Ave., Burbank, IL 60459 (“QUEEN OF PEACE”)

Motion: T. Arnold
Second: R. McKinley

Dr. Riordan explained that previously a resolution was passed that if A.E.R.O. did purchase the property what would the formula be for the supporting districts contribution for the project. That formula is based on 40% EAV, 20% of enrollment per school, 20% of total enrollment in A.E.R.O. then 10% of the cost of the project. This resolution is for the districts to commit financially. The state will be funding \$25 million to the project. The supporting districts will be responsible for the remaining \$25 million. Reavis’s portion of that \$25 million is \$3.4 million. That is the 3rd highest of all the 11 districts based on the agreed upon formula. If a formula was not agreed upon as a Co-op, the state code mandates that it would be based on EAV. Reavis has the highest EAV of the districts. If that was the case, Reavis would have been responsible for the highest amount. The next decision to be made is how to pay. Either a lump sum or be part of a bond issuance. Dr. Riordan recommends paying a lump sum amount up front which would avoid any interest payments. Terms have not been established yet with A.E.R.O. When it will have to be paid is still being discussed. There have been discussions that it may be payments over a few years.

Ms. Creger asked for clarification that since the amount originally expected to be paid was \$6 million and now it is \$3 million can those funds only be used for certain projects? Dr. Riordan explained that the initial \$6 million amount was based on if the districts were responsible for funding the entire \$50 million. He also clarified that the wording in the referendum does allow for flexibility on amounts to be spent on projects, as long as the funds are used for projects that were outlined in the referendum question. Ms. Creger then asked if the A.E.R.O. projects exceeds \$50 million would Reavis have to come up with additional funds. Dr. Riordan responded that the simple answer is yes but he is very confident that the project will stay within budget and it will not go beyond the proposed \$50 million. The commitment from the state is written into the law. The next big hurdle will be determining when will the money be received. The state revenue source is casino gambling, cannabis sales and other projects dedicated towards capital. Since it is written into the

budget bill an application is not necessary. It's just a question of when the money will be received. It potentially could be given in increments over 2-4 years.

Mr. Arnold added that there is a virtual tour available for A.E.R.O. Dr. Riordan commented that he has seen it and will forward the link to all the Board members.

Ms. O'Dowd asked what if the project goes over the quoted amount from the architect? Dr. Riordan explained that the architects will be held accountable not to go over the agreed upon amount. Ms. O'Dowd asked if there is a contract. Dr. Riordan replied that an architect contract is currently being worked out. Then A.E.R.O. will go out for an RFQ (Request for Quote) for professional CM services. Then they will begin interviewing construction management teams in the next couple of weeks. Dr. Riordan explained that the process for A.E.R.O. and Reavis is the same they are just at different stages. Once the budgets are set, discussions and decisions are made based on items that may go over budget or on the occasion that something goes under budget.

Aye: R. McKinley, R. Moreno, L. O'Dowd, T. Arnold, J. Brodinski, A. Creger
Nay: None
Vote: 6-0

- C. Approved the *A.E.R.O.* Use of Classroom Agreement, for five (5) classrooms, for the period July 1, 2020 through June 30, 2021.

Motion: A. Creger
Second: R. Moreno

Dr. Riordan explained that although Reavis is currently not renting facilities this is to give A.E.R.O. assurances the rooms will be available provided that Reavis is fully open in the fall.

Aye: R. Moreno, L. O'Dowd, T. Arnold, J. Brodinski, A. Creger, R. McKinley
Nay: None
Vote: 6-0

- D. Financial Statements dated May 31, 2020.

Motion: J. Brodinski
Second: R. Moreno

Mr. Novak commented that the month end with a surplus of \$2.5 million with 95% revenue collected and 90% expenditures spent. Noting this does not include the last corporate property personal replacement tax. He requested the treasurer's office hold the replacement tax funds for now until there is a clear picture where the funds may be needed. As reported previously, the Transportation Fund is approximately -\$100,000 due to the state not sending out the categorical reimbursement for transportation. Dependent on the state, those funds may or may not be received. If not received, the replacement tax funds could be moved into that Transportation Fund. This would allow for a surplus in the fund. Even though the budget is currently at a surplus of \$2.5 million, due to normal expenses in June with invoices and salaries, Mr. Novak anticipates the year-end surplus to be in the \$700,000 to \$800,000 range overall.

Mr. Moreno asked if the state does not make the payment could it still come in the following fiscal year? Mr. Novak replied that dependent on the fiscal state of the state will depend if and how many payments are received each year.

F. Schedule Budget Workshop to review the 2020-2021 Tentative Budget prior to the Regular July Board Meeting of Tuesday, July 14, 2020, at 6:00 p.m.

Motion: R. Moreno
Second: J. Brodinski

Dr. Riordan explained that this is when Mr. Novak will present the budget for the school year. Mr. Novak added that the conversations with admin and division chairs is ongoing to look at each department's budget line items. The proposed budget may have \$1.5 million less in revenue than previous years due to uncertainty of property and other tax collections. Really looking at expenses within departments and salaries to make cuts. Mr. Novak stated he is excited to present the details next month. Dr. Riordan added that he remains optimistic that the budget will be balanced even if only by a minimal margin.

7. PERSONNEL

A. Approved the resignation of Ms. Megan Mathisen, Teacher, effective June 30, 2020.

Motion: J. Brodinski
Second: L. O'Dowd

Dr. Riordan stated that Ms. Mathisen was a first-year teacher who taught the American Sign Language class. He is sorry she is leaving because she is a great teacher and really connected with our students. Ms. Mathisen is moving to another state.

A 1/5 position has been posted to try to accommodate the students that have signed up for ASL II for the upcoming school year. Ms. O'Dowd asked if that meant ASL I will not be offered this year. Dr. Riordan replied that due to the pandemic it was decided to try to accommodate the students currently enrolled for ASL II then reassess. Ms. Creger asked how many students are currently signed up for ASL II. Principal Schultz responded that there are 9 students registered.

Aye: A. Creger, R. McKinley, R. Moreno, L. O'Dowd, T. Arnold, J. Brodinski
Nay: None
Vote: 6-0

- B. Approved the hire of Ms. Theresa Curtis, Teacher, at a 3/5 schedule, for the 2020-2021 school year.

Motion: R. Moreno
Second: R. McKinley

Dr. Riordan explained that these sections were vacated by Ms. Kelley's resignation. Current teacher release periods were adjusted to make this position 3/5 instead of a full-time position. Another cost saving effort.

Aye: R. McKinley, R. Moreno, L. O'Dowd, T. Arnold, J. Brodinski, A. Creger

Vote: 6-0

8. OLD BUSINESS

- Approved authorizing administration to request for quote (RFQ) for Construction Manager for 2020-2021 capital improvement projects.

Motion: R. McKinley
Second: T. Arnold

Dr. Riordan explained that during the most recent Building & Grounds Committee meeting it was discussed to hire either a general contractor or a construction manager. He said that Mr. Ayala, though not present tonight, was at the B&G meeting and that he feels a general contractor is a better way to go. The rest of the group respected his views, but feel the general contractor manages and views all the bids where as with a construction manager, Reavis would be involved with the reviewing all the bids.

Mr. Arnold gave an example if adjustments have been made to the bid the general contractor would benefit by the increased cost whereas a construction manager would not get a flat percentage of the new cost. Ms. Creger asked which has been used for past projects. Dr. Riordan replied that both have been used in the past. The recommendation is to hire a construction manager. It may be August when a recommendation will be made to the Board.

10. CATEGORICAL REPORTS

- A. Student Reports – No Report
- B. Administration – Dr. Riordan reported on the Re-Opening Reavis Task Force virtual meeting that took place yesterday. The task force consists of administration, teachers, support staff, maintenance staff, students and parents. The goal of the meeting was to share information regarding what is being done to prepare for the new school year. We are waiting for guidance from the state to see what can and cannot be done. Whatever is done, it will be done in professional, appropriate and safe manner with the wellbeing of everyone in mind. People will not be put at risk. Currently, there are three plans. Plan A being, we are able to fully open. Depending on recommendations and mandates will determine if Reavis would be able to open. Plan B will be remote learning same as the school year ended. Plan C would be blended learning allowing students to alternate being on campus. A certain number of students would be on campus while a certain number would be at home e-Learning. Those groups would alternate so every student would have face to face instruction at some point each week.

APPENDIX A

District 220 Comprehensive Transition Plan

District 220's Comprehensive Transition Plan was created in collaboration with community stakeholders and aligned with the joint guidance from the Illinois State Board of Education (ISBE) and the Illinois Department of Public Health (IDPH), which was based on Restore Illinois: *A Public Health Approach to Safely Reopen Our State*, under the leadership of Governor Pritzker. [UPDATED SUMMER SCHOOL AND OTHER ALLOWABLE ACTIVITIES](#)

This document has been developed to encourage dialogue between stakeholders regarding the summer and fall academic plans that best support student learning. This plan is a working draft, grounded in the assumption that students will be required to maintain compliance with the Restore Illinois guidelines including, social distancing, face masks, and grouping stipulations, that we anticipate will continue to change over the course of the next few months.

Previous to our transition plan recommendations, D220 has complied with the state guidance outlined by ISBE. [REMOTE LEARNING RECOMMENDATIONS](#)
Several steps were taken to ensure communications to stakeholders were provided with the district e-Learning plan, located on our district website. [Home](#)

District 220 took multiple steps to ensure communication to all stakeholders, as well as providing students with one to one chromebooks and internet access once we moved into remote learning mode.

- March 13: Ram Meeting with all Teachers; K12 swift and email to parents and students
- March 16-20: e-Learning for all students; weekly message to faculty, staff, parents, students
- March 23-March 30th Spring Break
- March 31-April 3: e-Learning Planning Days for Teachers
- March 23rd-April 3rd: Extended Spring Break for Students
- April 6-May 22: School Mandatory Closure; e-Learning for all students

In addition, we continued professional development efforts and student outreach during the mandatory closure period.

- Technology professional development
- Chromebook support for students
- Provided coaching support for literacy and PLC
- Sustained our weekly PLC team meetings
- Hosted regularly scheduled division and department meetings
- Blasted weekly principal and superintendent messages via social media and our website
- Hosted student focus group and advisory meetings via Zoom or Google
- SEL communications & resources to students & staff by our Behavioral Health Teams
- Phone calls to every Class of 2020 student
- Tier II and III interventions for at-risk students
- Meals for students and families

As we continue to navigate the current times and prepare for our return to school, we must prepare for our students' academic and social-emotional needs. As we await further guidance from the state, which continues to remain fluid, District 220 has created a draft of proposed credit recovery programs to address students who did not or were unable to participate in e-learning during the mandatory closure period that resulted in a non-passing grade of a core subject.

The guiding principles that surround the comprehensive transition plan include:

- Maintaining the health and safety of all students and staff
- Providing meaningful and engaging academic experiences for all students
- Addressing the social and emotional needs of all students
- Providing consistency and stability for all students and staff
- Providing continuous professional learning opportunities for staff that address learning needs unique to this time

The transition plan prioritizes:

- Special populations who are in most need of services as well as access to learning opportunities
- Students who are ineligible for the 2020-2021 school year
- Students who did not master 1-3 learning standards for a required course
- Students who are off-track due to deficient credits
- Class of 2024 at-risk students who would typically attend a Title I program transition program
- Session II Summer School: Economics and Government, Blended Learning only
- Professional Development for return to school, fall

The Executive Summary found in the [UPDATED SUMMER SCHOOL AND OTHER ALLOWABLE ACTIVITIES](#) states (page 2):

ISBE, in partnership with the Transition Advisory Workgroup and IDPH, will provide further considerations to help you navigate this transition as you begin to make plans for the beginning of the 2020-21 school year. As regions enter Phase 3, all schools must follow IDPH requirements, which:

- *Prohibit more than 10 individuals from gathering in one space;*
- *Require social distancing policies; and,*
- *Require use of appropriate personal protective equipment (PPE).*

Decisions around whether to conduct allowable activities during Phase 3 will remain at the discretion of local school boards and superintendents, in consultation with local public health departments. This document outlines health and safety protocols to ensure students, staff, and visitors can remain safe in school buildings. Schools should ensure individuals wear face

coverings and other PPE appropriate to their duties and risk of exposure, wash hands frequently, conduct symptom and temperature checks before entering the school building, regularly clean and sanitize buildings and equipment, restrict the borrowing or sharing of items, and limit capacity in any space to 10 or fewer people. Individuals who show any signs or symptoms of illness should stay home.

The responsibility of the Reavis Task Force is to review the below shared proposal and provide feedback to ensure timely and appropriate credit recovery program services. Health and safety protocols for these programs will be developed in conjunction with IDPH guidelines upon approval of plans. The following programs have been developed for consideration:

- Students who have not mastered the course learning standards
- Students who have failed a required course
- Students who are at-risk as incoming freshmen
